GOLDEN CHARTER 
FUNERAL PLANS

The purpose of this booklet

The purpose of this 'Funeral Wishes' booklet is to provide your loved ones, executors, or others responsible for arranging your funeral, with certain information and answers to questions they will be asked at the time of need. Your wishes contained in this booklet will help immensely by taking the guesswork or uncertainty away, leaving your loved ones with clarity and the confidence to make the right choices for you personally, whilst still leaving opportunity for them to add their own personal touches as they wish.

Once completed, place this booklet with your Will or any other important documents that will need to be accessed in the event of your death. Alternatively, leave it with your next of kin or whoever you are asking to help arrange your funeral. It is important to let those who will be organising your funeral know that this 'Funeral Wishes' booklet exists and, just as importantly, where to find it!

*“Peace of Mind
Through Important
Conversations”*
